On page 46, replace the paragraph spanning lines 24 to 37 with the one submitted herein.

On page 47, replace the paragraph spanning lines 1 to 33 with the one submitted herein.

On page 54, replace the paragraph spanning lines 1 to 10 with the one submitted herein.

IN THE CLAIMS:

Please cancel claims 2-11, 21-29 and 31-50.

Please enter the following claim amendments:

1. (Amended) A method of treating diseased tissues in a patient, comprising:

(A) administering to said patient a bi-specific antibody or antibody fragment having at least one arm that specifically binds a targeted tissue and at least one other arm that specifically binds a targetable conjugate;

(B) optionally, administering to said patient a clearing composition, and allowing said composition to clear non-localized antibodies or antibody fragments from circulation;

(C) administering to said patient a first targetable conjugate which comprises a carrier portion and one or more conjugated enzymes, wherein said carrier portion comprises or bears at least one epitope recognizable by said at least one other arm of said bi-specific antibody or antibody fragment; and

(D) administering to said patient a second targetable conjugate which comprises a carrier portion and a prodrug, wherein said carrier portion comprises or bears at least one epitope recognizable by said at least one other arm of said bi-specific antibody or antibody fragment.
